A NOTE FROM YOUR COACH

Aarav, thank you for the work you put in this week. I can see real effort in your workout and check-in, and that is exactly what builds results. Next week I want us to tighten up your health and nutrition — small, repeatable steps, not a big overhaul. Your three targets for next week are set out in this report — message me any time something gets in the way. I am in your corner.

— Kling, BodyBank

INSIGHT

Your score moved up 9 points to 86 (A) this week.

ACTION

Start with health — the three targets above are your plan for next week.
